Dear Education Foundation of Niagara;

Thank you for honoring me with The Pollice Management Award for Teamwork. In the upcoming academic year, I plan to attend McMaster's Arts and Science program in order to achieve my long term goal of becoming a health care professional. These aspirations stem from the gratitude and respect I have for the many health care workers that assisted my mother when she had to receive treatment and recovery from a severe car accident and subsequent hip replacement. I am grateful to receive this scholarship award which will help me to achieve these aspirations. I am committed to ensuring that the Pollice Management investment in my future will be worthwhile.

Thank you once again for this award.

Sincerely,

Karina Tavernese.
